SYNOPSIS

M.A.C.A. and Chico, with the guidance and oversight of Ms. Montes, continue working together to raise a healthy Maria for the next four years.

Ms. Montes instills the importance of family values into M.A.C.A. and permanently reschedules M.A.C.A. off from her housekeeping duties on Sundays. With encouragement from the local Pastor, M.A.C.A. decides to take advantage of this opportunity in not having to work on Sundays and starts attending church with Maria and Chico.

Together, M.A.C.A. and Ms. Montes create a schedule for Maria that includes early childhood education and early childhood developmental milestones. This schedule includes the implementation of The Code of 3 – ERC: Ethics, Relationships, Cognition.

By implementing The Code of 3 – ERC into early childhood learning and developmental milestones; M.A.C.A.'s algorithmic calculations identify and create a revolutionary early childhood education program. M.A.C.A. and Ms. Montes identify this new early childhood education program as: $0 \rightarrow 3 = \text{ERC}$ (Pronounced: zero to three equals ERC)

M.A.C.A., who is obsessed with Maria, enthusiastically educates Maria every day and night with $0 \rightarrow 3 = \text{ERC}$ for the next four years. This proves to be the foundation for Maria's amazing brainpower. The stimulation inculcates $0 \rightarrow 3 = \text{ERC}$ into her decision-making abilities; which allows Maria to evolve into the Superb Hero - The Sheet Metal Girl.

Introduction

“For the first time ever, I decided to look at myself in the mirror as if I were a real human being; and as I looked in the mirror, I saw the fire of persistence burning in my eyes.

I saw the will of determination boiling in my circuits... and I saw the fight and courage pulsating in my electronic, metal-fabricated body.

Maria has completely changed who I am and what I am; Maria has given me life.

I have real purpose now... I am no longer just a robot...

I no longer just exist.

I exist for Maria, my child Maria.

I exist for all humanity, all God’s children.” - M.A.C.A.
